SUPPLEMENT TO THE

MYSORE GAZETTE.

No. 22. Published by Authority. of 1879.

BANGALORE, SATURDAY, MAY 31, 1879.

OFFICIAL PAPERS.

Abstract of Season or Intermediate Reports for the Week ending 24th May 1879.

Bangalore District.—Rain fell throughout the District. Four inches and 30 cents were registered in the Cantonment. Crops in good condition. Lands are being ploughed for dry cultivation. Fever and ague prevalent in some places. Price of ragi has fallen.

Kolar District.—Four inches fifty-four cents of rain at head-quarters. Copious showers also fell throughout the District. Agricultural operations are actively progressing. The standing Vaisak paddy crop is still being injured by rats except in some places. Prospects encouraging. Prices have fallen.

Túmkúr District.—Four inches sixty-two cents of rain at Túmkúr. State of crops and public health good.

Mysore District.—Three inches forty-seven cents of rain fell at head-quarters. Sugar-cane and standing jola crops are thriving. Ragi, dál, &c., sown. Prospects of season and public health good. Prices stationary.

Hassan District.—Three inches ninety-three cents of rain fell at Hassan. The sowing of gid ragi has been continued in the Hassan, Arkalgúd and Belur Taluks, and paddy in the two last mentioned Taluks. The seedlings of both are doing well. The recent rains have benefited the paddy crop in the Arkalgúd Taluk reported to be withering. Fever, &c., prevalent in the Hassan, Haranhalli, Arkalgúd and Attikuppa Taluks; the public health elsewhere is good. The price of ragi has risen, but that of rice remains stationary.

Shimoga District.—Five inches seventy-seven cents rain fell at Shimoga. The Vaisak paddy crop is ripe for the sickle. The sugar-cane crop is thriving. Ryots are busily engaged in ploughing. Fever prevalent. Cattle are in good condition. Prices rising.

Kadur District.—Not received.

Chitaldroog District.—Seven inches and ten cents of rain fell at Chitaldroog. There was also rain in all the Taluks of the District. The heavy showers of the 20th and 21st appear to have been general throughout the District, causing the breaching of several tanks. The paddy and sugar-cane crops are thriving. Prospects good. Fever and ague prevalent in some parts, but on the whole the public health was good. Prices stationary.

Coorg.—Rain-fall 8 inches 39 cents. Agricultural prospects good. Fever and ague prevalent.
